To Whom It May Concern

Dear Sirs

Omega Scaffolding

Omega Scaffolding Ltd. have worked for Bromford Developments Limited for the past couple of years and have completed several schemes during this period.

The scaffold components are always in very good order and erected by very competent operatives who, in turn, have gained excellent reviews from our external Health and Safety Consultant, R. G. Wilbrey.

Omega continue to be invited to tender for further upcoming schemes with Bromford Developments Limited and, with this in mind, I would have no problem in recommending Omega Scaffold Ltd. to any interested parties.

Yours faithfully

Archie Haywood
Construction Manager
Bromford Developments Limited
